## Historical Meet Slated

# Barnes To Speak

## Texas Heritage Is Chosen Topic

Texas Speaker of the House Ben Barnes will be principal speaker Friday night at a banquet climaxing the annual meeting of the Panhandle - Plains Historical Society.

About 400 persons are expected for the dinner session at 7 p.m., according to C. Boone McClure, society executive director.

Barnes will speak on "Great Decision Makers: A Texas Heritage" at the dinner in the East Dining Hall at West Texas State University.

Nancy Davis, WTSU junior from Canyon, will sing.

Barnes became Speaker of the House in 1965 when he was only 26 years old to become the youngest speaker in the history of the Texas House. He is now 29.

The speaker comes from DeLeon. His constituents there only last month threw an appreciation party for him.

Barnes has the respect of both friend and foe in the legislature. Even those who oppose him declare him to be a very fair speaker.

Barnes is believed to be John Connally's heir apparent and will probably try for the mantle when Connally decides to step down as governor.

The society's executive committee will meet at 2 o'clock and a board of directors-general membership meeting is

scheduled at 3 o'clock Friday afternoon. Levi Cole of Canyon, serving his second term as president, will preside.

New officers will be elected and committee reports will be

## Banquet Saturday For Band

Annual awards banquet for the Canyon High School Band will be held Saturday night at 7:30 o'clock in the West Cafeteria at West Texas State University.

Sponsored by the Canyon Band Parents Association, the John Phillip Sousa award to an outstanding senior bandsman will be presented by Gary Zook, band director.

Wayne Wirt, Band Parent president, will serve as master of ceremonies for the program which will include the crowning of Band King and Band Queen. Lorraine Taylor, president of the band students, will give the banquet invocation.

Speaker for the occasion will be Gary Garner, director of bands at West Texas State University. The banquet will be concluded with a prom in the Ballroom of the Student Union Building.

## Citizens, Board Meets Tuesday

Canyon school trustees next Tuesday evening will meet with a citizens committee in an effort to decide between constructing a new junior high school building or remodeling the existing facility.

Estimates place the cost of remodeling at approximately \$750,000. Building a new junior high school facility will cost about \$1,200,000.

In either event, a bond issue will be required.

Architects Clayton Shiver and Russell Megert have been employed as architects on the project.

## W.F. Haggard Scholarship Is Announced

A scholarship fund honoring W. F. (Bill) Haggard, professor and head of the accounting department at West Texas State University, has been established by the Panhandle chapter of the Texas Society of Certified Public Accountants.

An outstanding junior or senior accounting major at WTSU will annually receive a \$250 award to continue his education. A board of area CPA's and WTSU faculty members will

## Concerts Friday For Bands

Final spring concert for the bands of both Canyon High School and Canyon Junior High School will be conducted Friday evening at 8:30 p.m. in the CHS auditorium.

The program will range from novelty and popular tunes to classical numbers and various marches according to Gary Zook, band director.

Zook will direct the high school band of 82 members in their portion of the program. Edra Hudson will be in charge of the 90 member junior high band.

Admission will be \$1 for adults and 50 cents for students. Tickets are currently being sold by band students and will be available at the door.

## Pre-School Meeting Set

Parents with children who will enroll for the first time in the Canyon Independent School District this fall will meet at Rex Reeves Elementary all-purpose room at 1:45 p.m. today for an orientation program.

Principal Oscar Hinger said the parents and their children will meet teachers and tour the school facilities before enrolling this fall.

Anyone with children who will enroll for the first time this fall is asked to contact the school if they have not yet done so, he said.

About 140 first graders are expected to enroll this fall here.

## CHS Choirs Win Awards

Canyon High School Choir and several individual choristers received ratings of superior and excellent at the Buccaneer Music Festival last week end in Corpus Christi.

The choir received an overall second division rating, according to Miss Linda Adams, choir sponsor. Miss Adams said that the 73 member choir received two firsts and four seconds for the overall rating by judges. Only two overall first divisions were awarded to the 50 choirs in competition.

Two Canyon soloists, Carla Jordan and Shary Kerbel, each received superior ratings on their solo performances. Receiving excellent ratings for solo performances from Canyon were Joette Cox, Mike Wilson, Alan Demus, Alicia Boone, Steve Hilton and Mary Starnes.

## CHS History Student Wins

A Canyon High School student, Chris Tulley, received a gold medal for being rated in the upper five percent at the high school history contests held last Thursday at West Texas State University.

Tulley represented CHS in the (See HISTORY, Page 6)

THOMAS RAY VESSELS, left, is shown here leaving 47th District Court where he was assessed three years in prison by a jury which found him guilty of assault with intent to murder without malice a South Amarillo housewife. He was charged with a knife attack on Mrs. Marilyn Ann Hill in her South Amarillo home May 11, 1966. Also shown is Merle Strickland, deputy-jailer.

## Vessels Draws 3-year Verdict

Thomas Ray Vessels, 29, already under death sentence, was assessed three years in prison here Monday after a jury found him guilty of assault with intent to murder without malice.

The jury fixed the punishment at the defendant's request. Vessels Tuesday morning asked for a sanity hearing and was turned down by 47th District Court Judge Gene Jordan. Vessels refused to accept sentence Tuesday. He was given 10 days to file a motion for a new trial and then remanded to county jail.

Vessels first agreed to accept sentencing and then refused to sign a waiver. "I don't want to waive any appellate rights," he told the judge. "I'm beginning to think your just plain dumb, not crazy," the judge declared. "Get him out of here."

The judge commended Defense Attorney J. Ray Martin

for his work as court appointed defense counsel. Vessels is under death sentence in Pampa for rape of a Pampa housewife. No mention of this case was made during his trial here.

The death sentence is on appeal. (See VESSELS, Page 6)

## CHS Students To State UIL

Canyon High School will be presented in three divisions at the state University Interscholastic League contests to be held this week end in Austin.

Mike Riggins will represent the school in the boys persuasive speaking contest and Alan Demus will participate in the science contests.

The one-act play "Case of the Crushed Petunias" will also be in competition at the state contests. Directed by Eddie Thomas, speech instructor, the play cast includes Mary Mitchell, Ray Walker, Alan Demus and Connie Clifton.

Both Miss Mitchell and Walker were named to the all-star cast at the regional meet recently in Odessa where the CHS students received first place for their performance.

Technical crew for the one-act pantomime are Darlene Williams and assistant, Margaret Raef.

## Bandsmen Sell Papers

Band students of Canyon High School will conduct a subscription drive in cooperation with the Canyon News Tuesday evening.

Sponsored by the Canyon Band Parents Association, the drive will be conducted door-to-door beginning at 5:30 p.m. Students will sell both new and renewal subscription to the Canyon News at regular rates of \$5 per year and will receive commissions on each sale.

Last year, the group raised about \$160 from the subscription drive, according to Gary Zook, band sponsor. The drive will be concluded with a social hour for band students and guests in the high school commons.

GOVERNOR JOHN CONNALLY, left, is shown here admiring "The Night Watch" by E. Irving Couse at Panhandle Plains Historical Museum. Taking the governor on a tour of the museum's

## Governor Pays Quiet Visit To Museum Here

Governor John Connally paid a quiet visit to Panhandle Plains Historical Museum Saturday after a ribbon cutting ceremony at Amarillo's medical center complex.

The governor made the trip to see the E. Irving Couse collection of paintings on display in the new portion of the museum.

Connally was accompanied to Canyon by Senator Grady Hazle-

wood and gubernatorial assistant Mike Mires. Also in the party was Joe Bowes of the Amarillo police department.

The group was met at a back door of the museum by Boone McClure, curator, and was joined later by James P. Cornette, Sheriff L. S. "Slim" Johnston and artist Olive Bugbee.

The governor arrived about 3 o'clock. He was scheduled to be in Des Moines, Ia., by 5 o'clock but spent a little more than an hour at the museum.

He saw almost \$1 million worth paintings in a unique storage room at the Museum.

## FFA Teams To State

Two Future Farmers of America judging teams from Canyon High School will compete for state honors at Texas A&M Saturday.

Both the FFA livestock and poultry judging teams won honors at an area meet at Texas Tech last weekend, qualifying them for state level competition.

Out of 145 sheep judging teams, the Canyon FFA group won a first, placing them eighth in the contest and fourth in the area. They also judged hogs and cattle.

The poultry team won an eighth in the area, sending them to the state meet.

Doug Breitling placed fourth in swine judging. There were about 435 FFA boys in the competition.

Other members of the livestock judging team are Dick Cummins, Mike Tilger and Scott Donnell.

On the poultry team are Billy Celey, Hank Gerdson, Mike Branum and Mark Moore.

## Canyon Beauty To KC Contest

BY WAYNE BOARD  
Janie Burk, Canyon junior at West Texas State University, will represent WTSU at the Kansas City American Royal Queen contests in October.

Miss Burk, the daughter of Mrs. Otis Burk of Canyon, was chosen from a field of four finalists at an Awards and Recognition Banquet last week sponsored by the WTSU Block and Bridle Club.

She will go to Kansas City for competition with other coeds from throughout the United States. Expenses will be paid by the Block and Bridle Club.

Miss Burk is a member of Delta Zeta, WTSU social sorority.

Last year's winner was Ja-

net Gerald, also from Canyon. The winner, chosen by four Amarillo judges, is selected on charm, poise, intelligence and

personality.

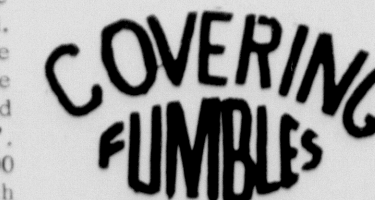

Other finalists presented at the banquet were Teresa DeArmond, Laura Miller and Barbara McGough.

The four finalists had earlier been picked from a field of 20 WTSU coeds.

Speaker for the awards affair was C. G. Scruggs, editor and vice-president of the "Progressive Farmer".

The most exciting blast-off in the world today, Scruggs said, is a tiny seed bursting through the earth.

## Cold Snap May Hit Wheat Crop

A cold snap that sent temperatures plunging into the mid twenty degree range Sunday and Monday mornings may have severely damaged wheat that was in the boot to early head stage.

"We can't tell exactly how badly the wheat was damaged,"

Randall County Agent John Brazzil, "because temperatures varied as much as eight degrees throughout the county."

He did say, however, that the colder temperatures were recorded toward the Umbarger community although there are no official thermometers in the outlying areas of the county.

"It would be no surprise to find we had appreciable damage to the wheat," Brazzil declared. Wheat in a pollination stage when the head emerges from the boot is what Brazzil described as in a "sensitive position". There were about 155,000 acres seeded in wheat of which some 30,000 acres is on irrigated land.

"We have no figures on dry-land wheat that has been abandoned due to lack of moisture." (See COLD, Page 6)

## LL Mothers Meeting Set

Mothers of little league age boys have been asked to attend a meeting to be held at 7:30 o'clock tonight (Thursday) in the Randall County Junior Livestock barn.

Little League ages are 8 to 12.

Bill Davis, president, said the purpose of the meeting is to form a mother's auxiliary.

**by Troy Martin**

"Economic popcorn."

I heard a man with enough sense to know better describe the war in Vietnam with these very words this week.

I was infuriated. I realize that economic pressures might draw this country to the brink of war but I don't really believe that our leaders are heartless enough to keep us involved in a war simply for the dollars and cents of it.

If I believed the Vietnam war were being fought for "economic popcorn," I think I'd move to Canada or some other country.

The war in Vietnam is being fought because (1) we have treaty obligations to South Vietnam and (2) it is a part of our policy of containment of communism.

I am upset with the administration not because we are in Vietnam, we must be there, but because we have failed to prosecute the war to a successful conclusion.

I think Ho's luck is running out, however. We have escalated the war in the past two weeks to the point we are bombing enemy airfields. It was ridiculous not to bomb them from the start.

I think we can expect more pressure to be put on North Vietnam in the months ahead.

Three courts with dual jurisdiction in Randall and Potter Counties will not be so bad if one of the courts is seated regularly in Canyon.

If this becomes a reality then one of the three judges involved should be presiding judge. He should make out all dockets and there should be only one grand jury rather than one for each judge.

It could be worked out to the satisfaction of everyone.

Canyon is losing three top citizens this summer.

Colonel Henry Calder is being re-assigned to Fort Polk, La., and Captain Tom Edwards and Sergeant Howard Bryant are being re-assigned to Vietnam.

All three have been active in community affairs during their stay here. The young men they have taught during their tenure in the military science department at West Texas State University will play important roles in the future of our country.

Gentlemen, you have done more than your job. You have lived among us and through your efforts in the community you have shown us that our military is made up of good people.

Our best wishes go with you. You are doing a job for us that most of us would be unable to do for ourselves.

Cattleman Bob Lindsey says a great deal of care is exercised in preparing medicines for livestock.

If medicine shows up in a slaughtered carcass, the meat is condemned, Lindsey says.

An Amarillo secretary asked an office boy to drop in at a nearby drugstore and pick up some lipstick for her. When she looked into the paper bag he presented, she blushed.

"Is this a hint?" she demanded.

A clerk at the drugstore had included a deoderant sample.

Mrs. Marvin Fite agrees with us on the desirability of changing the name of Fifth Avenue to Elm Avenue.

She goes one better. She'd like to see all the avenues named for trees.

**Heat For Flag-Burners**

(An Editorial)

Representative James Quillen (R. Tenn.) has introduced a bill into Congress that would put some heat on flag-burners. The bill, House Resolution 6385, provides that "whoever publicly mutilates, defaces, defiles, defies, tramples upon any flag, standard, colors or ensign of the United States shall be punished by imprisonment of not more than one year and a fine of not more than \$1,000."

It strikes us as being a bit odd that draft card burners can be put in jail while flag-burners can't be touched.

It is hard for us to recall any incident that has made us more angry than recent burning of the United States flag by peaceniks demonstrating in New York's Central Park.

We do not think it is right for the American people to stand by and allow Old Glory to be burned and defiled while our sons are dying for her in Vietnam.

We should put a high price tag on the treasonous habit of flag-burning. More power to Congressman Quillen. May his tribe increase.

**Letter To The Editor**

April 28, 1967

Mr. Troy Martin  
Editor, Canyon News  
Canyon, Texas 79015

Dear Mr. Martin:

As an instructor in government (at West Texas State University), it is my responsibility as well as belief that justice and law are equal (or rather should be equal) regardless of the person. There has been much written and spoken concerning equality of races and the injustices done to minority races. But what about equality of persons as related to their position in the social fabric of the community? To come to the point, I am writing in defense of students, and their relationship to the laws and rules of the community or city. I would like to present a personal example along this line.

About ten days ago I violated (and I do not deny that I did so) unconsciously a city ordinance related to a sign "Right Turn Only" at the local hamburger bar here in Canyon. I was immediately stopped by a city policeman, given a ticket, and was allowed to proceed on my merry way afterwards. I was not dressed in a professorial manner, for a fellow teacher and I had just completed work on his car. I was dressed much like many of our students -- dirty blue jeans, tee shirt and tennis shoes, plus I was driving a sports car. I really looked more like a student than a teacher because at 24 I do not look any older than any of them. On my ticket was written the letters W. T. S. U., obviously intended for the judge. I graciously paid the \$5 fine, for I had obviously broken a law. Just two or three days ago another faculty member here at W. T. violated the same law. He was dressed in adequate professorial attire. The city policeman asked him what he did professionally. He told him he taught at West Texas State. The policeman merely waved him on his way -- no ticket, no fine.

Obviously this letter is not a criticism against the laws in fact, but a criticism of the faculty administration of the law which lends itself to the erosion of respect of the law itself.

Sincerely yours,  
W. Leslie Harlan  
Instructor in Govt.  
West Texas State Univ.

RETIRING QUARTET from the Canyon School System were honored at a banquet Tuesday. They are, bottom left, Mrs. Grace Knighton and Mrs. A. K. Goodman; and, top left, Mrs. Mitchell Jones and James E. Miller.

Retiring Teachers Honored

BY WAYNE BOARD

Four teachers who are retiring this year from the Canyon School System were honored at a banquet Tuesday.

Those leaving the system are James E. Miller, Mrs. Mitchell Jones, Mrs. Grace Knighton and Mrs. A. K. Goodman.

"Through their work, they will live forever," said Mrs. Alma Perkins in introducing the four teachers.

The banquet affair, sponsored by the Canyon Classroom Teachers and the Randall County unit of the Texas State Teachers Association, also featured speeches by Huey Laycock, superintendent; Chester Cunningham, counselor; and Mrs. Bettye Knighton, eighth grade mathematics teacher at the junior high school.

"The teacher," Mrs. Knighton told the large audience, "is down where the action is."

She explained how students are given individual instruction when they fail to properly learn in group teaching.

Although teachers too make mistakes, in the vast majority of cases, teachers are able to meet individual needs, she

said. "Because of the explosion of knowledge," she said, "we are being hurled into new methods of teaching."

Also a part of teaching is helping to build character, she explained.

"As teachers we are on duty 24 hours a day," she concluded, "because we are professional people."

In explaining the academic side of the school system, Cunningham illustrated charts showing how students here rate with others from throughout the United States.

"We can conclude," he said, "that education here is superior to most communities in the United States and improvement is being made."

In explaining the impact of the school financially in the community, Laycock stated the system here employed approximately 219 people.

These people, he said, create homes and a demand for retail business establishments.

Budget for the system this year is \$1,301,000, of which \$678,000 is paid by local people, he stated.

"You have done well," he concluded, "in supporting our schools financially."

New CCTA officers for the year presented during the program are Margaret Foster, president; Treasure Brasher, first vice president; Phillis Albers, second vice president; Barbara Graham, secretary; Vera Brown, treasurer; and Jean Lair, parliamentarian.

Officers for TSTA presented were Bryce Slack, president; Dr. J. B. Strickland, vice president; Libby Read, secretary; and B. B. Kendrick, treasurer.

Special music for the banquet was provided for by Mary Ann Wheelock and Mila Beth Gibson sang for the program. Welcoming guests was Gene Murray.

The four retiring teachers have spent a total of some 75 years in the school system here.

Mrs. Jones, wife of Mitchell Jones, associate professor of education and psychology at West Texas State University, has been teaching here for 24 years in the fifth grade at Rex Reeves Elementary School.

The mother of two and grandmother of seven began her teaching career in Lockney. Her sons, both physicians, attended West Texas Demonstration School.

She is a member of Delta Kappa Gamma, women's professional teachers group; and Zeta Pi Sigma, national Spanish fraternity.

Mrs. Knighton has taught seven years in the school system here and five years at WTSU. She began her teaching career at WTSU and also received her masters degree there.

She instructs eighth grade social sciences and ninth grade beginners Spanish.

Mrs. Knighton has two sons, Tom, who is band director at Perryton, and Bill, who is with an insurance adjustment company in Amarillo.

Mrs. Goodman, who is retiring to travel with her husband, began teaching when she was 17 years of age in Holwoke, Colo.

At Rex Reeves for 24 years in the third grade, Mrs. Goodman previously taught at the River Road School in Amarillo.

She was named Top of Texas Teacher of the Year four years ago.

Mrs. Goodman received both her BS and MA from WTSU.

Her daughter, Mrs. Bryce Slack is a teacher at the Oakdale School in Amarillo, and her son Kenneth is an Amarillo attorney.

She has been in the teaching field 36 years.

Miller has been with the Canyon schools for 20 years.

Before becoming supervisor of secondary school curriculum he was CHS principal for 17 years.

Miller began his teaching career in 1926 at Scurry County, at a small two-teacher rural school.

He was later principal and superintendent of the Hale Center School.

Miller also served with the US Air Force technical training command.

**Know Your Schools**

(Editor's Note: This article is one of a series on Canyon Schools. It is written by a member of the faculty.)

THE BAND PROGRAM

The band program of the Canyon Public Schools is made up of 236 students from grades six through twelve.

Students are started in band at the beginning of the sixth grade year in both Rex Reeves and Gene Howe Elementary Schools. In large beginning classes such as the one at Rex Reeves Elementary, students are grouped in woodwind and brass classes. By grouping students in this manner, characteristics of each type of instrument may be covered more quickly and more thoroughly. Although the sixth grade band is primarily a learning group, several concerts and assembly programs are presented during the school year.

For students who for various reasons are unable to begin band in the sixth grade, an accelerated beginning band class is provided in junior high school. It is, however, highly recommended that the student begin band in the sixth grade if at all possible.

The junior high school bands are made up of seventh and eighth grade students who have had some previous band experience. The students are divided into two groups, the intermediate band which is primarily a learning class, and the advanced band which is a performing group. Since both bands meet during the same period of the day, students may be changed from group to the other at any time as the need arises.

The junior high school advanced band performs at pep rallies, home football games, concerts, assembly programs, the Borger Band Festival, and the University Interscholastic League Concert and Sight-Reading Contest.

Individuals and small ensembles from both the advanced and the intermediate bands are also given the opportunity to perform at the Interscholastic League Solo and Ensemble Contest.

The most advanced group and the foremost performing group in the band program is the Canyon High School Eagle Band. The Eagle Band is made up of students from grades nine through twelve.

Performances during the year include pep rallies, all varsity football games, Interscholastic League Marching Contest, varsity basketball games, concerts, assembly programs, civic club programs, Interscholastic League Solo and Ensemble Contest, and Interscholastic League Concert and Sight-Reading Contest. On alternating years, the Eagle Band takes an overnight trip to one of the larger, more select band festivals.

The band program is designed with the needs of the individual student in mind. For the student considering music for his career, band offers a basis for the course of study which he will follow in college. Each student may earn up to four credits in band toward his high school graduation. For other students, band may offer only enjoyment and a better understanding of music, and perhaps even more important are the lessons in everyday life which band offers every student such as self-discipline, promptness, group cooperation, loyalty, and pride in an organization.

In order to develop and continue a band program in keeping with the enrollment of the Canyon Public Schools, it is necessary to start relatively large beginning classes and for the majority of these students to continue in band through high school. It is hoped that eighty to one hundred students will be enrolled in the sixth grade classes at Rex Reeves and Gene Howe Elementary Schools for the 1967-68 school year. The support and interest of parents in the band program is urgently needed. Your cooperation in helping build a better band program will be appreciated.

**Governor Gets Regent Bill**

A bill by Sen. Grady Hazlewood of Canyon that would create a new nine-member board of regents for West Texas State University was sent to Governor John Connally Wednesday by the House.

Carried in the House by Rep. J. M. (Red) Simpson of Amarillo, the bill came up Wednesday in the House on second reading. Simpson obtained consent to suspend rules requiring that bills be read on three separate days, and the bill was passed out on third and final reading.

If Gov. Connally signs it, the bill will transfer control and management of WTSU from the board of regents, state senior colleges, to the new board, which will be named the Board of Regents, West Texas State University.

**Saga Plans Sandwich Contests**

Saga Foods, campus food service, will provide the food for a sandwich eating contest Monday at 4 p.m. on the east lawn of the Student Union Building, according to Bill Earnest, food services director, and Paul Suddall, manager of West Dining Hall.

The contest is open to entry by all University men and women. An entry fee of 50 cents will be charged participants, and all proceeds will be turned over to the Student Association for use in the SUB.

In case of rain or high winds the contest will be moved into the West Dining Hall. Trophies will be given to winner in the male and female categories.

Earnest said the sandwiches will probably be "hoagies," "submarines" or some similar type.

**WT Faculty Award Set**

Nominations for the Faculty Excellence Award of \$1,000, given by the West-Texas Ex-Students, Inc., are being taken from students and faculty members, according to Vaughn Vandergriff, executive secretary. Deadline for submitting nominations is June 15.

Application blanks for students' nominations may be picked up at the Ex-Student office in the Student Union Building or from department heads.

Winner of the award will be announced Oct. 26 at the fifth annual Phoenix Club dinner. First winner last year was Dr. William A. Cooper, professor of biology.

Signatures of 25 students is required on an application for nomination. Faculty members may nominate a candidate with five signatures, or department heads may make a nomination.

Object of the award is to promote better classroom instruction and to upgrade academic excellence at WTSU, according to Vandergriff.

## Burgess To Lecture At Killgore Center

A lecture on "Topology of Surfaces in Three-Dimensional Space" will be given May 11 at West Texas State University by a WTSU alumnus who is professor of mathematics at the University of Utah.

Dr. C. E. Burgess, a native of Happy who earned his B. S. degree from WTSU in 1941, will speak at 2:30 p.m. in the Killgore Research Center library. The public is invited.

Dr. Burgess will also be a guest at the annual awards dinner of the WTSU mathematics department and the Mathematical Society at 6 p.m. in the Gold Tree Restaurant in Amarillo.

An outstanding senior mathematics student will be awarded the \$150 Edna Graham scholarship, and an outstanding freshman student will also be honored at the dinner. Reservations at \$2.50 each for the dinner must be made by Friday at 4 p.m., according to Bill Walker, president of the mathematics club. Tickets may be obtained in Room 309, Education Building.

Dr. Burgess will become chairman of the mathematics department at Utah this summer. He has been a member of the faculty there since 1951, shortly after he earned his Ph.D. at the University of Texas.

He has been a visiting lecturer at the University of Wisconsin and was a member of the Institute for Advanced Study at Princeton. He was also a member of the faculty for a summer institute on topology at the University of Wisconsin.

a check made on possible damage.

"I don't know what we want to do until we find out what is wrong with it (the existing junior high school building) or how bad it is," said board member Walter Graham.

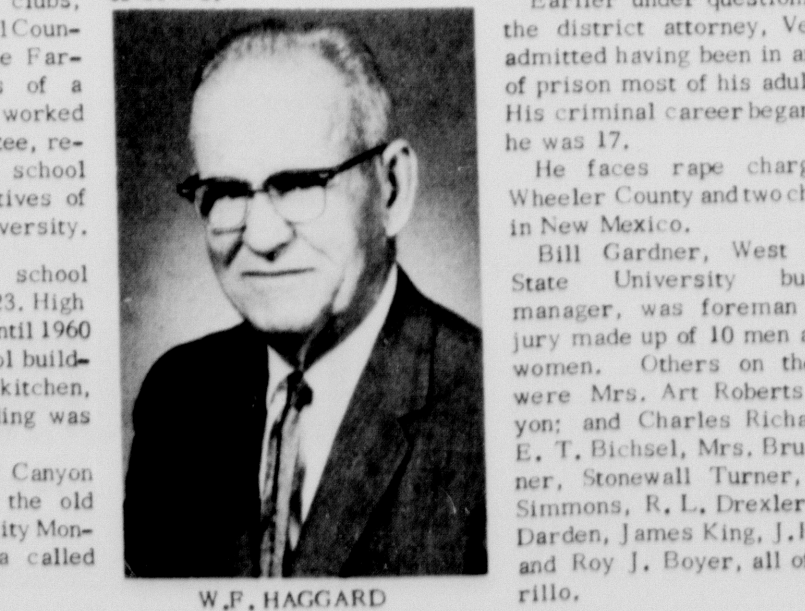

Shiver said he anticipates no structure problems in the old building.

The citizens committee and the school board will hold a joint meeting at 8:30 o'clock next Tuesday night at the Canyon High School building in the board room.

Among others, the committee is composed of Canyon Chamber of Commerce officials, heads of women's clubs, heads of men's service clubs, presidents of the Randall County Farm Bureau and the Farmers Union, members of a group which previously worked as a projection committee, school faculty and representatives of West Texas State University.

The old junior high school building was built in 1923. High school was held there until 1960 when a new high school building was completed. A kitchen, cafeteria and art building was added in 1963.

Members of the Canyon school board toured the old junior high school facility Monday night prior to a called board meeting.

## Herd Nips Eagles

The Hereford Whitefaces built up a big lead in early innings and withstood a late Canyon rally to take an 11-10 win over the Eagles in District 1-AAA baseball Tuesday afternoon in Hereford.

Trailing 9-3 after three innings, the Eagles fought back to narrow the score to 10-6 in the fifth before Joe Moore smacked a homer with two men on in the seventh inning to close the gap to only one run.

Moore and Yogi Rossi triggered most of the Canyon runs with their heavy hitting. Moore belted two home runs, the first coming in the third frame with the bases empty. Rossi has a perfect day at the plate, going three-for-three with a three-run homer, a double, and a single.

Canyon's biggest opposition apparently was its own fielding, as the Eagles committed seven errors that resulted in several key runs for Hereford, according to Coach Wayne Turley. "On earned runs alone we possibly could have won 7-3," stated Turley, "but we just made too many errors." Three of the miscues were charged to third baseman Don Howard.

Max Sunderman started on the mound for the Eagles, and after absorbing the early-inning barrage, settled down and pitched tight ball until he injured an ankle sliding into third base in the sixth inning and left the game. Tommy Brandt relieved him, giving up only the deciding run in the bottom of the sixth.

The Eagles rapped ten hits to Hereford's nine. "We got a rally going," said Turley, "and for a while I thought we might win it, but we just didn't start soon enough."

and sewer fund is \$53,178.45, he said. Revenue for May and June is expected to be \$49,076, which gives a total of \$102,254.45.

Expenditures for May and June are estimated to be \$27,860, which when subtracted from \$102,254.45 leaves a difference of \$74,394.45.

The estimated receipts are based on figures over the last three years, Gwyn said.

In other business, Commissioners approved the purchase of four air packs for the Canyon Fire Department from the Harmon Fire Equipment Company of El Paso for \$1,024.24.

Joe Rice, fire captain; Jim Christopher, chief; and Roland Black, department secretary, were present to review bid specifications submitted by seven companies.

Christopher recommended acceptance of Harmon's bid on the Scott Aviation Corporation models from Harmon although it was \$31.56 per unit more than a bid submitted by another company.

He said the department has had two Scott air packs since 1955 and that the units had been maintenance-free.

Christopher said the company submitting the lower bid had never given a requested demonstration of their product.

Mayor Paul Lindsey read a letter from Chili Smith with the Texas Highway Department concerning a proposed traffic light survey between Fifth and Eleventh Avenues on US Highway 87.

Smith said his department had made several surveys between Eighth and Tenth Avenues within the last 18 months, with the findings that there is not sufficient traffic to merit the installation of another traffic light at this time.

Smith recommended no survey be taken until the Palo Duro Village Shopping Center was completed and school was in session during the fall.

Three Canyon women recently met with the commission requesting support from the city for a survey to determine the need for an additional traffic light on US Highway 87.

The women also presented a petition signed by 500 Canyon residents requesting the survey.

An intersection must have, Mayor Paul Lindsey have, 500 crossings per hour for an eight-hour day before another light can be justified.

## Recital For Dancers Saturday

"I Could Have Danced All Night" will be theme for the Kiwanis Club sponsored dance recital to be presented Saturday at 8 p.m. in Rex Reeves Elementary School all-purpose room.

The show will present about 50 dance students from the Jane Edwards School of Dance. The local children will perform in a variety of musical numbers.

Highlighting the program will be several Indian war dances by the Hummingbird War Dancers which is composed of Mark Raillard, Pat Hickman, Dave Riley and Jerry Johnson.

An added attraction of the recital will be performances by several members of the Amarillo Civic Ballet, Gene Galle, director, and Louise Johnson Thomas will present three western ballroom dances and Jeanne Loomis will perform a classical ballet.

Tickets are being sold by Kiwanis Club members and will be available at the door at 75 cents for students and \$1 for adults.

Brazill continued, "although it could be as much as one-half that planted."

Although a Federal Crop Insurance includes coverage on several crops, there is none for wheat, Brazill said.

It would be unlikely, said the county agent, that any farmer was covered by risk insurance on any of the wheat.

"We'll just have to wait and see on the outcome of the damages," Brazill concluded.

Dr. M. B. Measamer, head of the West Texas State University geography department who compiles weather information here, said the temperature dropped to 33 degrees in Canyon Sunday and to 34 degrees Monday.

High temperature recorded last Friday was 87 degrees. During April Canyon received 1.97 inches of moisture, bringing the total for the year to 3.07, or about an inch below average.

**Prof's Book Is Published**

An article outlining the ranching career in New Mexico from 1880-1902 of a British citizen, Thomas S. Carson, by Dr. Lowell H. Harrison, professor and head of the history department at West Texas State University, has been published by the New Mexico Historical Review.

Carson managed ranch properties in New Mexico and Arizona territories for several years before staking out his own "Running Water" ranch in Curry County. The ranch, which he fenced, was on public lands and cut across the Texas line near Farwell.

"The weakness in the enterprise was the fact that Carson owned only a few of the acres which he used," Dr. Harrison wrote. "He must have realized from the outset that it was only a matter of time until he was found out and ordered to desist."

About 1902, Carson sold his ranch and moved to Amarillo, where he invested most of his capital in erecting a commercial building. He sold this property about 1910 and left Amarillo.

Carson wrote two books, describing his ranching ventures and travels, and the second book was written in 1923. He was apparently living in Great Britain, but inquiries in England by Dr. Harrison revealed no later information on Carson.

A native of Brazil, Miss Vasconcelos is the daughter of a Brazilian Baptist minister. Her American guardians are Mr. and Mrs. Gilbert Brown of Canyon. She has studied at both Wayland Baptist College and West Texas State University and is presently employed in Amarillo.

Miss Vasconcelos discussed items of interest about her native country following an introduction which included a report on the new and old culture of Brazil by Mrs. Don Vars; a history of Brazil by Mrs. Bill Martin; and a presentation and explanation of the Brazilian flag by Mrs. Gary Garner.

## Ceremonies Unite Miss Middleton-Irlbeck

Joseph A. Hill Chapel on the campus of West Texas State University Saturday evening was the scene for the marriage of Miss Jan Elizabeth Middleton and Albert Anthony Irlbeck.

Double ring ceremonies were read by Rev. Joseph W. James. The bride is the daughter of Mr. and Mrs. Willard Middleton of Happy and a granddaughter of Mrs. F. D. C. Middleton of Canyon. Parents of the bridegroom are Mr. and Mrs. Paul Irlbeck of Tulia.

The chapel was decorated with a pyramid arrangement of two dozen candles in globes decorated with emerald greenery flanked the arrangement along with seven bract candelabra and fern accents. Reserved family pews were marked with ivy and daisies.

"Til The End of Time" and "More" were presented by vocalist, Miss Linda Lewis of Happy. Accompanist was Mrs. Pat George of Tulia at the piano.

Given in marriage by her father, the bride wore a formal wedding gown of candlelight silk organza which was fashioned as a cage dress over taffeta and accented with appliques of French lace at the neckline and re-embroidered in seed

pearls. The lace was repeated on the long sleeves and a deep flounce of the scalloped lace accented the hemline. The wattle chaper train was held at the shoulders and her elbow length bridal veil of candlelight silk illusion was attached to a silk organza rose featuring seed pearls.

The bride carried a cascade

bouquet of white iris and gardenia nestled among English ivy. She wore the traditional blue garter and had a penny in her shoe. She wore a ring which belongs to her grandmother, Mrs. E. A. Holloway of Happy, as something old.

Mrs. James Rossi of Midland served as matron of honor. Bridesmaids were Miss Willa

Jane Elliott of Happy, Miss Julia Black, the bride's cousin, of Lubbock, and Miss Penny Irlbeck, sister of the bridegroom, from Tulia. The bridegroom was Mrs. W. H. Alfred of Happy.

The bridal attendants were dressed in floor length cage style gowns of yellow chiffon over yellow taffeta with high necklines and full length sleeves. Embroidered floral trim accented the ensembles which were worn with dyed to match shoes and headpieces were made of yellow illusion atop a circlet of embroidered floral trim. The matron of honor carried a colonial bouquet and other attendants had nosegays of yellow iris with English ivy.

The bridegroom's brother, Paul Irlbeck of Tulia, served as best man. Groomsmen were Jerry Howard of Lubbock, Bobby Evans and David Burelsmith of Tulia, and Don Ed Middleton of Happy, a brother of the bride. Serving as ushers were James Rossi of Midland, Thomas Lester of Olton, Bobby Howard, Pat George and Gary Malone, all of Tulia.

A reception honoring the couple was held in the hospitality room of the First National Bank in Canyon. The three-tiered white wedding cake was accented with yellow rosebuds and topped with wedding bells. ## Sacred Music Concert Is Next Monday

A joint all-sacred music concert by the University Chorus and the University Brass Choir will be presented at West Texas State University Monday at 8:15 p.m. in the Fine Arts Auditorium. There is no admission charge.

# CJHS Teams Sweep Hereford Meeting

## Seventh Grade

Canyon Junior High's Seventh Grade overwhelmed the rest of the field in winning the team championship at the High Plains Junior High Conference Track Meet at Hereford Saturday. Wade tallied a phenomenal 35 points as he placed highly in each of the five events he entered. Canyon's 163 1/2 points was a 50-point win over Hereford Stanton.

Wade bounced to a win in the broad jump with a 19-6 effort, bettering the winning ninth grade leap by seven inches, and grabbed seconds in the 100, high jump, and 440 relay, but saved his greatest effort for the final event. In the 880 relay, sloppy handoffs had Canyon lying third at 20 yards off the pace when Wade received the baton for his anchor leg. Flying around the turn, he made up most of the deficit and tried to dart between the leaders, when they moved together, forcing Wade to slow down, swing outside, and then turn it on again. Leaning into the tape, he just nipped his opponents for the victory.

Canyon scored in every event, placing at least two boys in the finals in all but two events. David Carter and David Smith turned in noteworthy performances. Carter rang up 25 points with firsts in the 50-yard dash and 880 relay, second in the 440 relay, and third in the high jump. Smith won everything he entered--the shot and discus--with heaves of 45-8 in the shot and 146-0 in the discus. He led a 1-2-3 Canyon sweep in the shot put.

Earl Malone scored an unusual double win by taking the shot put at 40-0 1/2 and the 50-yard dash with a 6.2 clocking.

Sims scored highly, running the third legs on both relays, winning the 120 low hurdles in 16.9, and tying for second in the high jump at 4-8, for 26 points.

Clifford Prichard picked up 24 points on both relays, a 62.5 triumph in the open 440, and a fourth place in the broad jump on a 16-7 effort.

A tremendous all-around performance by Tolbert Wade

led Canyon Junior High's Eighth Grade to the team championship at the High Plains Junior High Conference Track Meet in Hereford Saturday. Wade tallied a phenomenal 35 points as he placed highly in each of the five events he entered. Canyon's 163 1/2 points was a 50-point win over Hereford Stanton.

## Ninth Grade

Canyon Junior High's Ninth Grade had to extend itself all the way to win the freshman division of the High Plains Junior High Conference Track Meet in Hereford Saturday, winning the team championship on the final event of the day with 119

points. In the mile relay, Canyon had to beat Dimmitt by two places to gain a tie, but instead went all-out for a convincing triumph while Dimmitt staggered to the finish in last place.

Gary Moore, who was touch-

ed off with a narrow lead by lead-off man Gary Hester, built up a sizeable gap that was maintained by Johnny Johnson and Ronnie Hager. Despite strong opposition from gale-like winds, the foursome clocked a

creditable 3:45.2.

The wind was an asset, however, in some races. Canyon's David Erwin, who was high scorer for his team with 28 points, used it to his advantage as he streaked to a 10.1 clock-

ing in the 100-yard dash. When Erwin arrives on the high school scene next year, he will take with him a better time than any CHS varsity sprinter managed this year. Erwin also won the broad jump with a leap of 18-11, led off on the second place 440 relay, and copped a fourth place in the 120 low hurdles.

Johnny Johnson scored strongly in an unusual variety of events to add 21 points to the Eagle cause. Johnson picked up third in the shot put with a throw of 46-3, hurled the discus 148-0 for second, leaped 17-10 for fifth in the broad jump, and ran on the winning

The banquet will begin at 7:30 p.m. Tickets are priced at \$2.50 and may be purchased at the Fieldhouse ticket office or at the East Dining Hall on Thursday evening.

## GEHL MIX-ALL

Grinds! Mixes! Delivers!

The Gehl Mix-All, with economy plain feeder and exclusive crusher-feeder attachment, grinds, mixes and delivers the most uniform on-farm feed.

Here's proof: Samples of feed grains, ground by Gehl and competitive mills, were compared in a "sieve-shaker" analysis (a grinding uniformity test used also by commercial feed manufacturers). In test after test, Gehl samples were the most uniformly ground. And, the more uniform the grind, the better the mix!

In the Mix-All hammermill, 66 thin, alloy-steel hammers cut... not pound ingredients on a big grinding surface for faster feed flow with reduced "fines." Come on in for a close-up look at all the Mix-All features, including the swinging auger-feeder.

Candidates will be screened by a committee and the top three candidates from each class will be placed on the ballot for all-school elections to be conducted soon, according to Hobart McDonald, principal.

An original march composition by Milligan was premiered last fall by the WTSU band.

# Funeral Today For Mrs. Rogge

Funeral services for Ida Anna Rogge, 77, will be conducted today, Thursday, at 2 o'clock at St. Paul Lutheran Church with Rev. John D. Huber, Jr., pastor of Christ Lutheran Church of Amarillo, officiating.

Interment will be at the Lutheran Cemetery, east of Canyon, under the direction of LaGrone Funeral Home of Canyon.

Mrs. Rogge was preceded in death by a son, Gerhard, in 1948.

# Bufs Win Track Meet

The West Texas State University track team, coached by C. E. (Dirk) Dierking, rolled up 86 1/2 points to win the All-College Invitational Track Meet in Stephenville for the second straight year Friday afternoon.

Sophomore speedster Aaron Banks paced the Buff effort by totaling 19 points despite a driving rain that hampered all performances. Banks won the 100-yard dash in 9.8, the 220 in 22.1, ran a leg on the winning 440 relay team, and placed third in the broad jump.

Host team Tarleton State came in second. San Angelo State and Texas Wesleyan finished third and fourth respectively in the four-team meet.

Versatile Gary Clark won the broad jump with a leap of 22-11, placed second to Banks in the 100 with an identical 9.8 clocking, and finished third in the 220 with a 23.0 timing.

Ron Hansen and George Kebe scored the other Buff firsts, as Hansen won the pole vault by flipping over 13-3 and Kebe taking the discus with a toss of 136-4.
